Annual Report on Federal Grants Revolving Fund

December 2022

Section 302A-1405, Hawaii Revised Statutes, requires the Hawaii State Department of Education (Department) to annually report on activities related to the Federal Grants Revolving Fund (Revolving Fund). Uses of the Revolving Fund include searching for discretionary grants, developing program applications to secure additional revenues, monitoring grant execution, ensuring compliance with grant requirements, and auditing grant expenditures.

LEGISLATIVE REPORT

Section 302A-1405, Hawaii Revised Statutes Federal Grants Revolving Fund

The Federal Grants Revolving Fund (Revolving Fund) revenues are derived from the difference between the indirect cost rate for discretionary and non-discretionary grants. In fiscal year 2022 (FY22), the revenues were \$6,740 with an ending cash balance of \$877,837.

The following table shows the breakdown of expenditures for FY22.

Funds	Expenditures*
A (Personnel Services)	\$0
A1 (Other Personnel Services)	\$0
B (Other Current Expenses)	\$61,480
C (Equipment)	\$0
TOTAL*	\$61,480

*Figures were rounded to the nearest dollar.

“B” funds were used to support expenses in the Policy, Innovation, Planning, and Evaluation Branch, the Department’s single point of contact for federal and nonfederal grant submissions and manager of the Capacity Building Grant program described below.

Expenses include complex area grant fund requests under the Capacity Building Grant Program.

A majority of the remaining balance of funds has been encumbered for an eGrants system for tracking and monitoring grants.

Activities related to the Revolving Fund during FY22 include the following:

(2) Capacity Building Grant Program

The purpose of the Capacity Building Grant Program is to support grant-writing efforts by Department teachers and administrators and to increase funding opportunities at the local level. For FY22, a grant award was allocated to the Kailua-Kalaheo Complex Area (\$65,000). These funds enabled the complex area to contract with individuals to provide training and support for grant writing to pursue targeted opportunities to meet identified complex area-level needs. Contractors also empowered school and district leaders to successfully apply for and secure additional funding on their own through Kamehameha Schools, Na Lei Aloha Foundation, and NoVo Foundation to name a few. The Policy, Innovation, Planning and Evaluation Branch provided ongoing technical assistance.

Below is a listing of the grants submitted under the Capacity Building Grant Program:

Federal Grants	Complex Area	Project Description	Amount Requested	Amount Awarded

(3) Other Activities

PIPE also served as the Department's single point of contact for federal and nonfederal grant submissions.

- The Policy, Innovation, Planning and Evaluation Branch acted as the Department's Authorized Organizational Representative on behalf of the Superintendent for the purpose of submitting federal grants online. As the Department's Authorized Organizational Representative, the Policy, Innovation, Planning and Evaluation Branch reviewed grant applications for inclusion of allowable indirect costs and to ensure timely and appropriate Department approvals.
- The Policy, Innovation, Planning and Evaluation Branch regularly works with the Communications Branch to post contests, scholarships, professional development and other grant opportunities on the Department's main website, intranet and on social media.
- In addition, the Policy, Innovation, Planning and Evaluation Branch provides ongoing support for compliance efforts related to federal discretionary grants.
