## HAWAII MULTI-TIERED SYSTEM OF SUPPORT (HMTSS)

The Department is committed to ensuring that every student receives the support necessary for success. This commitment includes providing personalized support to meet individual student needs, documenting student interventions and monitoring progress.

**How does your school document HMTSS student interventions? Please select all that apply. If "Other" is selected, please explain.**

## IDENTIFIED SCHOOL NEEDS

This section highlights the critical student learning needs that require immediate attention for improvement, student subgroup(s) achievement gaps, and root/contributing cause for those needs and gaps, as identified in one or more of the following:

- ☒ Current Comprehensive Needs Assessment (CNA)
- ☐ Other current assessment/self-study report: **[Insert text]**
- ☒ Current Western Association of Schools and Colleges (WASC) report

Year of Next Action: 2025

Year of Next Self-Study:

Type of Last Visit: Mid-Cycle Report & Visit -

Type of Next Action: Full Self-Study -

2025

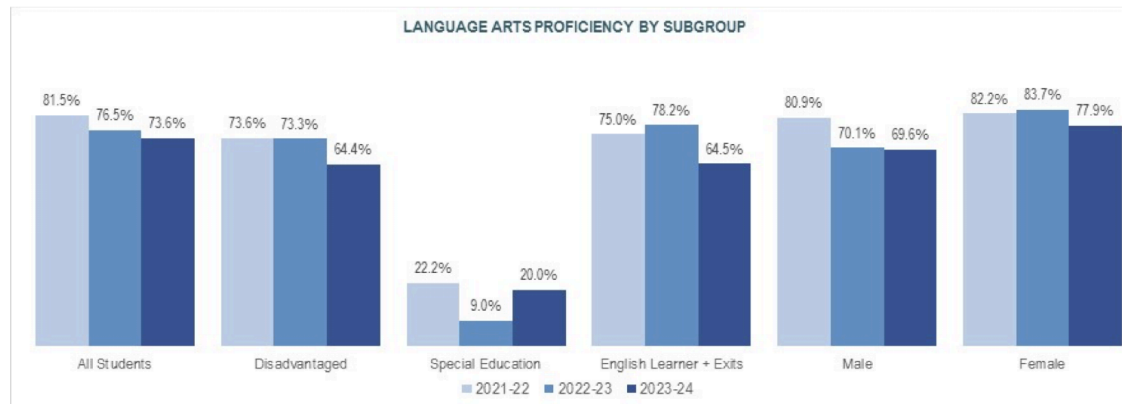

**Please identify critical student learning needs and the root/contributing cause why these needs have been prioritized.**

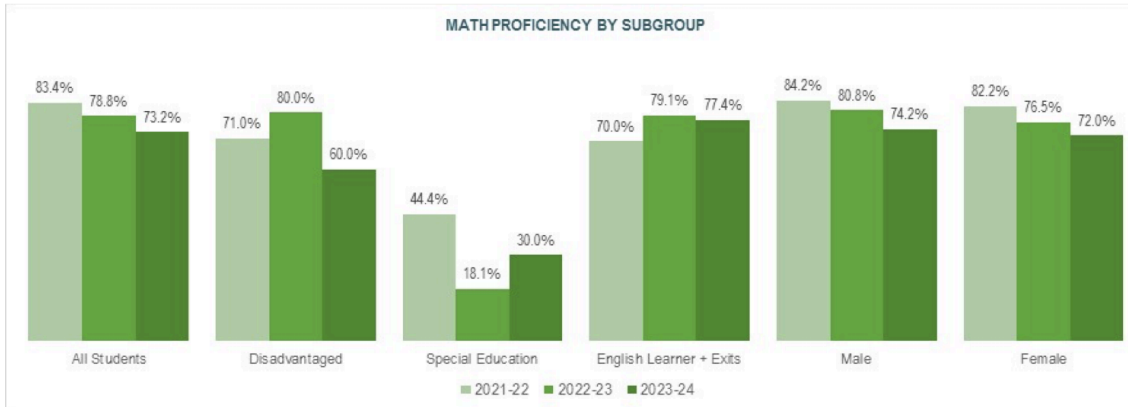

*"What should we prioritize to support our students and help us become the school we aspire to be? Why is this happening? What do we know?"*

Please number the student need and root/contributing cause for ease of cross-referencing.

1

**Student Need:** As part of a comprehensive HMTSS, all students need to receive quality Tier 1 instruction in language arts and math in order to demonstrate consistent growth and improve academic outcomes

Over the past 3 years there has been a downward trend in our academic scores in both ELA and math. There is also a significant gap between our high needs and non-high needs students, especially special education students and more recently, disadvantaged students.

**Root/Contributing Cause:**

The foundation of our HMTSS system is the consistent implementation of Tier 1 practices that ensures growth for all students. We have been inconsistent in delivering agreed upon Tier 1 strategies.

**1A** We need to revisit Tier 1 strategies in all 4 domains (academic, behavior, social/emotional, physical health) of our HMTSS and ensure their regular implementation.

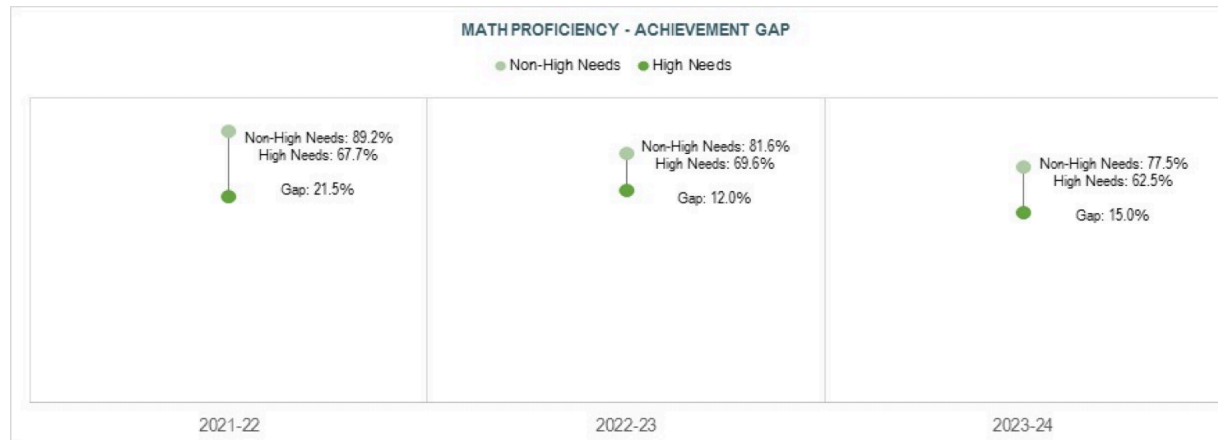

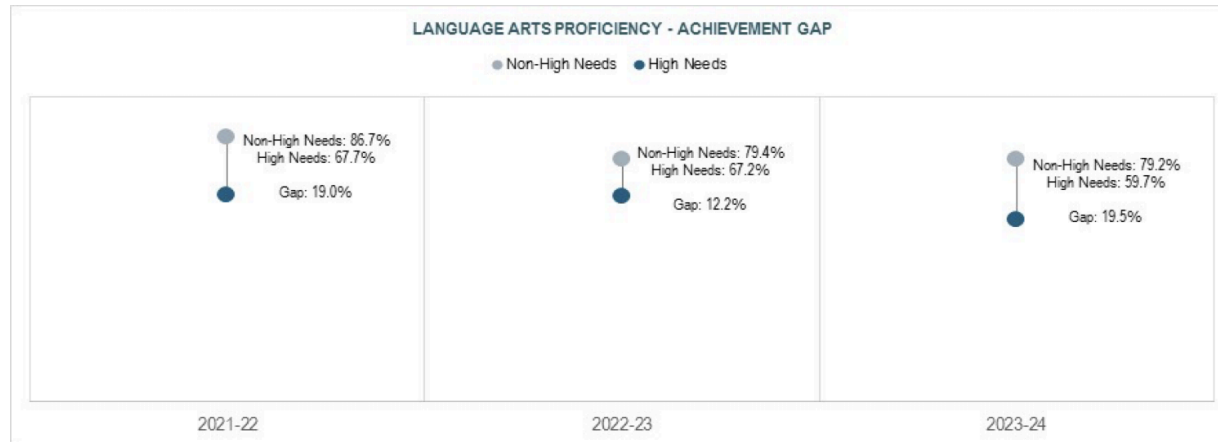

**1B** We need to strengthen our system to monitor and provide feedback to teachers when implementing schoolwide strategies

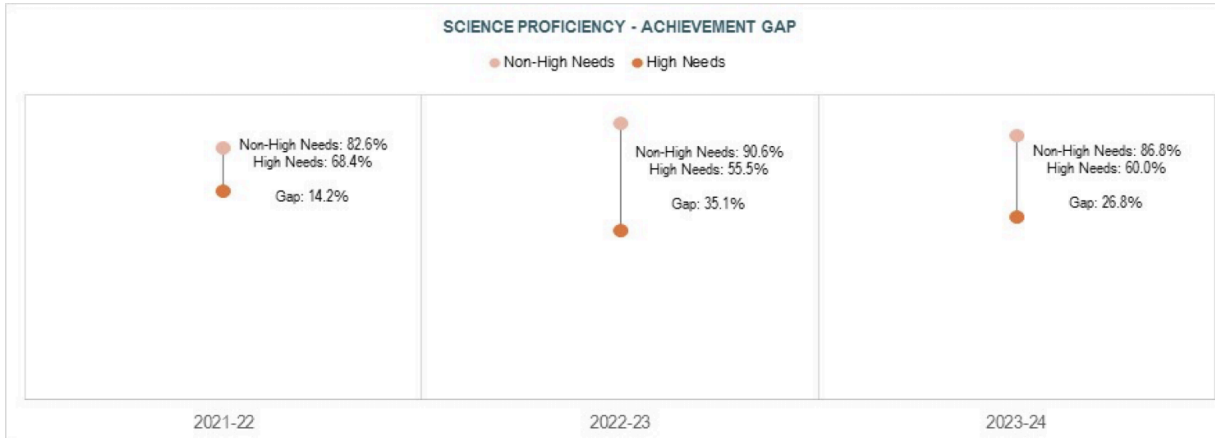

**2**

**Student Need:** All students need to be provided timely and relevant intervention including appropriate Tier 2 supports for identified students in both academics and behavior.

Type	Year	2021-2022	2022-2023	2023-2024

Although there has been progress to address the gap between Non-High Needs and High Needs students, our subgroups consistently perform below their peers, especially in SPED and EL. Students' behavior has been increasing indicating a need for higher levels of behavioral support. Although a Tier 2 intervention has started for behavior, there is still a need to refine and improve these services. Overall, our HMTSS Tier 2 needs to improve through more systematic documentation and tracking of intervention supports.

**Root/Contributing Cause:**

Intervention is currently provided to students in all domains, however progress monitoring and documentation of these interventions needs improvement.

**2A** We need to clarify the schoolwide protocol and procedure to identify students in need of Tier 2/3 support.

**2B** We need to develop a comprehensive system to monitor student progress and track the effectiveness of interventions.

**3**

**Student Need:** All students need to be actively engaged in learning through the use of effective instructional practices such as project-based learning and Building Thinking Classrooms (BTC) in order to increase student achievement.

**Panorama Survey - Student Classroom Survey**

Year	Classroom Climate	Classroom Engagement	Classroom Rigorous Expectations	Classroom Student-Teacher Relationships	Pedagogical Effectiveness
2022-2023	85%	77%	83%	84%	88%

<b>2023-2024</b>	79%	69%	76%	77%	83%
<b>2024-2025</b>	N/A	59%	N/A	73%	81%

Data source: Panorama Survey

Academic scores have been declining over the past 3 years. In the same time, Classroom Engagement and Classroom Rigorous Expectations have been the lowest areas in the Panorama Student Classroom Survey. Although there may not be a direct correlation, we believe that increasing student engagement will have a positive impact on academic success.

**Root/Contributing Cause:**

Students have indicated they are not engaged in their learning.

**3A** We need to expand the use of instructional practices, such as Building Thinking Classrooms, to include other content areas.

**3B** We need to ensure implementation of Gold Standard PBL units, focusing on improving at least one element each year.

In order to address student subgroup(s) achievement gaps, please list the targeted subgroup(s) and their identified need(s). Enabling activities should address identified subgroup(s) and their needs.

## APPENDIX A: SCHOOL BELL SCHEDULE

Pursuant to [Hawaii Revised Statutes Section \(HRS\) 302A-251](#), as well as the current Hawaii State Teachers Association collective bargaining agreement, all Hawaii public schools must establish school schedules (including teacher work year, teacher schedule, and bell schedules) that meet student instructional hours and school year requirements. **However, in certain circumstances, a preferred bell schedule may not comply with existing regulations and will therefore require a School Community Council (SCC) waiver, effective for up to one school year.**

This section showcases Mānoa Elementary School's current bell schedule(s) and total student instructional hours per year. To ensure the appropriate number of instructional hours and school year requirements are being fulfilled, schools are encouraged to utilize the provided [bell schedule tool](#).

**Total student instructional hours per year** (Per HRS 302A-251, all public schools, excluding multi-track public schools, shall implement a school year that includes 1,080 student instructional hours)

1830

**Did your school submit a SCC Waiver Request Form? Please explain.**
