IDENTIFIED SCHOOL NEEDS **SW1**

This section highlights the critical student learning needs that require immediate attention for improvement, student subgroup(s) achievement gaps, and root/contributing cause for those needs and gaps, as identified in one or more of the following:

- ☒ Current [Comprehensive Needs Assessment](#) (CNA)
- ☒ Current Root/Contributing Cause Analysis (on CNA)
- ☒ Current Western Association of Schools and Colleges (WASC) report

SW1, SW 2 Please identify critical student learning needs and the root/contributing cause why these needs have been prioritized.

"What should we prioritize to support our students and help us become the school we aspire to be? Why is this happening? What do we know?"

Please number the student need and root/contributing cause for ease of cross-referencing.

1 Student Need #1: WES needs to increase regular attendance, and reduce the number of chronically absent students.

Regular Attendance

Percent of students attending 90% of instructional days.

Root/Contributing Cause 1: The school and staff must provide comprehensive support through Social Emotional Learning (SEL) and a whole-child approach to address barriers to regular attendance, fostering a safe, inclusive environment that promotes engagement and belonging. Teachers should offer relevant, engaging instruction, while parents need increased awareness and support to overcome challenges affecting their child's attendance. This combined effort will help students build resilience, manage stress, and thrive academically and emotionally.

2

Student Need #2: WES needs to increase proficiency in English Language Arts, Mathematics, and Science on the SBA/HSA and decrease Achievement Gap for all students.

Root/Contributing Cause 2: The school must provide rigorous, differentiated core instruction and targeted interventions in ELA and Mathematics to help all students meet grade-level expectations and close achievement gaps. Early educational experiences for kindergarten students are essential for improving school readiness, as they predict future academic success. The school needs resources such as standards-based curriculum, instructional supplies, technology, and personnel to support differentiated instruction and inquiry-based learning. Teachers and staff require comprehensive training and support to implement effective interventions and research-based teaching practices. Additionally, parents need support and resources to better understand GLOs, state standards, assessments, and school initiatives to enhance student achievement.

3

Student Need #3: WES needs to increase English language proficiency (61.1% are on-track) by providing targeted English language development strategies.

Root/Contributing Cause 3: The school must provide structured and explicit English Language Development (ELD) strategies integrated into all content areas to improve academic language proficiency and ensure English Language Learners (ELLs) have access to a standards-based curriculum. Resources such as curriculum, instructional materials, technology, and staff are essential to effectively implement these strategies and support the diverse needs of ELLs. Teachers and staff require comprehensive training to adapt and extend language development strategies across all levels and content areas. Additionally, parents may need support in accessing resources to better understand GLOs, state standards, assessments, and school initiatives to enhance student achievement.

SW1, SW2 In order to address student subgroup(s) achievement gaps, please list the targeted subgroup(s) and their identified need(s). Enabling activities should address identified subgroup(s) and their needs.

APPENDIX A: SCHOOL BELL SCHEDULE

Pursuant to [Hawaii Revised Statutes Section \(HRS\) 302A-251](#), as well as the current Hawaii State Teachers Association collective bargaining agreement, all Hawaii public schools must establish school schedules (including teacher work year, teacher schedule, and bell schedules) that meet student instructional hours and school year requirements. **However, in certain circumstances, a preferred bell schedule may not comply with existing regulations and will therefore require a School Community Council (SCC) waiver, effective for up to one school year.**

This section showcases **Waipahu Elementary** current bell schedule(s) and total student instructional hours per year. To ensure the appropriate number of instructional hours and school year requirements are being fulfilled, schools are encouraged to utilize the provided [bell schedule tool](#).

Total student instructional hours per year (Per HRS 302A-251, all public schools, excluding multi-track public schools, shall implement a school year that includes 1,080 student instructional hours)

Student Instructional hours: 1,095 hours
(from Cell D58)
