Annual Report on Comprehensive Accountability System

December 2025

Section 302A-1004, Hawai'i Revised Statutes, requires the Hawai'i State Department of Education to annually report on educational outcomes, student discipline and restraint data, school by school expenditure data, and civil rights data.

Comprehensive Accountability Legislative Report

Strive HI Performance Data

Strive HI is an annual report at the state and school level that identifies:

- Student proficiency;
- High-needs student performance and demographics;
- Academic progress;
- School transition proficiency;
- Absenteeism; and
- School climate.

Strive HI Data can be found at: <https://hawaiipublicschools.org/about/organization/strive-hi-dashboard/>

Accountability Resource Center Hawai'i (ARCH)

ARCH houses reports that describe how schools are performing. Reports include:

- Department of Education Data Book - Features tables and figures representing the following data:
 - State and Complex level student demographics;
 - State and Complex level student performance;
 - State and Complex level staffing;
 - Safety and well-being responses from students and teachers;
 - Department finances; and
 - Status and progress of states with similar characteristics to Hawai'i
- School Status and Improvement Report - Provides the following school-level data:
 - Description of the school's and community's demographics;
 - Summary of school improvement progress;
 - Available resources, including personnel and facilities;
 - School quality survey responses;
 - Student conduct and retention; and
 - Statewide language arts, mathematics, and science proficiency.
- School Quality Survey - Captures opinions of school personnel, students (Grades 3-12), and parents/guardians of students in grades K-12 in public and public charter schools. Students', parents', and teachers' responses are included in the School Reports; administrative and office staff and instructional support staff responses are included in the Statewide Summary and Complex Reports. Results are used for school planning and improvements. Open-ended comments, anonymously provided by parents and school personnel, are aggregated at the school level and submitted to the respective Complex Area Superintendents and each charter school. Perceptions on four dimensions are captured:

- Safety (Students respond only to safety questions);
 - Well-being;
 - Satisfaction; and
 - Involvement/engagement.
- Trend Report (discontinued): Educational and Fiscal Accountability - Provides three years of trend data on school, complex, and State performance at selected benchmark grade levels with performance indicators in areas relating to:
 - Student achievement;
 - Safety and well-being; and
 - Civic responsibility.

Note: The Trend Report was discontinued after SY 2024-25. State level data previously included in the Trend Report may now be found in the Department's Data Book. School level data previously included in the Trend Report may now be found in the expanded School Status Improvement Report.

ARCH reports can be found at: <http://arch.k12.hi.us/>

Accountability Data Center (ADC)

The ADC provides data visualizations on Key Performance Indicators (KPIs) for Hawai'i public schools. ADC users may access the following interactive tools:

- State, Complex and School level KPI dashboards
- Graph generator based on eight years of filterable KPI data
- Graph generator for comparing up to eight years of filterable KPI data

The ADC may be accessed at: <https://adc.hidoe.us/>

Discipline and Restraint Reports

The consolidated Discipline and Restraints documents are presented in a more user-friendly format, enhancing the accessibility of discipline and restraint data. These documents maintain the integrity of reports from previous years (2017-18 to 2022-23) and introduced a newly formatted report for the 2023-24 school year. Historical data from 2017-18 to 2023-24, and the 2024-2025 can be found at:

<https://hawaiipublicschools.org/data-reports/discipline-and-restraint/?highlight=restraints>

School-Level Expenditure Data

School-level expenditure data for all schools are available on the Department's Longitudinal Education Information (LEI) System at <https://essa.hidoedata.org/schools>. Reports for the most recently completed school year are generally posted within six months (end of December).

School-by-school expenditure reports can be found on each school's page by clicking on "Finance" under the "Learning Environment" tab.
