Dear Parent,

SUBJECT: FEDERAL IMPACT AID PROGRAM SURVEY FORM

In early September, all public schools in the State of Hawai'i will distribute Federal Impact Aid Program Survey Forms. Federal Impact Aid reimburses school districts that lose tax revenues due to a federal presence and helps to recover the cost of educating Federally connected students. The amount of aid Hawai'i receives is determined by the number of survey forms parents complete and return to the school. Your participation is only way to ensure Hawai'i Department of Education receives the proper amount of federal aid dollars.

Please complete the survey form as soon as it is received and return it to your child's school promptly. A 100% return rate, allows schools to receive the maximum eligible funding. In the school year 2023-24, Hawai'i public schools benefited from more than \$53.34 million in Federal Impact Aid, thanks to the 21,200 students who submitted their survey cards. In addition to the funding, Federal Survey Cards enable schools to accurately report Federally connected student enrollments that qualify them for programs and services, such as school-based Military and Family Life Counselors and Department of Defense Education Activity grants.

If you are unsure of the address of Federal Property that is required on the survey form, please refer to the enclosure for the appropriate Marine Corps Base Hawai'i (MCBH) address. If you have any questions regarding the survey form, please contact Ms. Seon Lecher, MCBH School Liaison at seon.y.lecher.civ@usmc.mil.

I thank you in advance for your support.

Sincerely,

JEREMY W. BEAVEN
Colonel, U.S. Marine Corps
Commanding Officer
