Dear Marine Corps Base Hawai'i Families,

SUBJECT: FEDERAL IMPACT AID PROGRAM SURVEY FORM

On Wednesday, September 9, 2026, all public schools in the State of Hawai'i will distribute the annual Federal Impact Aid Program Survey Forms. This program reimburses our school district to help offset the cost of educating federally connected students and recover lost local tax revenue due to the federal presence. The amount of aid our schools receive is determined entirely by the total number of completed survey forms that parents return, making your participation the only way to ensure the Hawai'i Department of Education receives its proper share of funding.

To put this into perspective, during the 2024-2025 school year, Hawai'i public schools benefited from more than \$47.9 million in federal aid thanks to more than 21,230 families who took the time to return their survey forms. In addition to the funding, these survey forms enable our schools to accurately report student enrollments to qualify for vital support services, including school-based Military and Family Life Counselors and Department of War Education Activity grants.

To help us reach our goal of a 100% return rate and secure maximum eligible funding, we ask that you please complete the survey form as soon as your child brings it home on September 9 and return it to their school promptly the next day or as soon as possible. If you are unsure of the official federal property address required on the form, please refer to the attached enclosure for the correct Marine Corps Base Hawai'i (MCBH) address. Should you have any questions or need assistance completing the form, please do not hesitate to contact Ms. Seon Lecher, MCBH School Liaison at seon.y.lecher.civ@usmc.mil.

Thank you for your cooperation and continued support of our school community.

Sincerely,

S. E. DETRINIS

Colonel, U.S. Marine Corps
Commanding Officer, MCBH
