SCHOFIELD BARRACKS, HI 96857-5013

04 SEP 2026

Office of the Garrison Commander

To the Army Families of Hawai'i:

You can help our Hawai'i public schools by completing the attached Federal Survey Form and returning it to your child's school tomorrow on Thursday, September 10th, 2026 or as soon as possible. Please ensure a completed survey is submitted for every school-age child in your home as schools receive funding for each student.

I encourage every parent that works and/or lives on federal property, including Department of War (DoW) civilians and contractors, to consider this a priority, as failing to do so could result in the loss of millions of dollars in funding that benefits both our military and local students.

By obtaining a 100% return rate, schools will receive compensation for the loss of tax revenue due to our tax-exempt federal installations. Last school year, the average cost to educate a public school student in Hawai'i was approximately \$23,935. The average reimbursement for a federally-connected student was \$2,256 or 9.43% of the total cost and Hawai'i taxpayers funded the remaining balance.

In the 2024-25 school year, Hawai'i public schools benefited from more than \$47.9 million in Federal Impact Aid thanks to the 21,230 students who submitted their survey form. These completed forms also enable schools to accurately report federally-connected student enrollments that qualify them for programs and services, such as school-based Military and Family Life Counselors (MFLCs) and Department of War Education Activity (DoWEA) grants.

If you are unsure of your "Address of Federal Property", you may refer to the backside of this memo for a listing of approved addresses.

Please contact the Army School Liaison Office at 808-787-5644 with questions.

Sincerely,

Richmond R. Luce
Colonel, U.S. Army
Commanding
